¡Hola profesores!

We hope you and your students have had a great summer and are ready to dive into a new issue of *Ahora* that'll bring your Spanish studies to life.

One of the most exciting parts of learning a language is connecting with people from other cultures and communities. In this issue, we speak to teen Alexis about his life in Cuba. We also learn about a group of eco-conscious kids in Madrid, Spain, who are turning trash into tunes with recycled instruments, and we meet some Spanish teens to learn about transport in our online video!

To enjoy that and more, including a Teachers' Guide full of valuable lesson plans, audio tracks, listen alongs and worksheets, activate your online subscription using the steps below.

Happy learning!
