Read your sentences.

# Screws

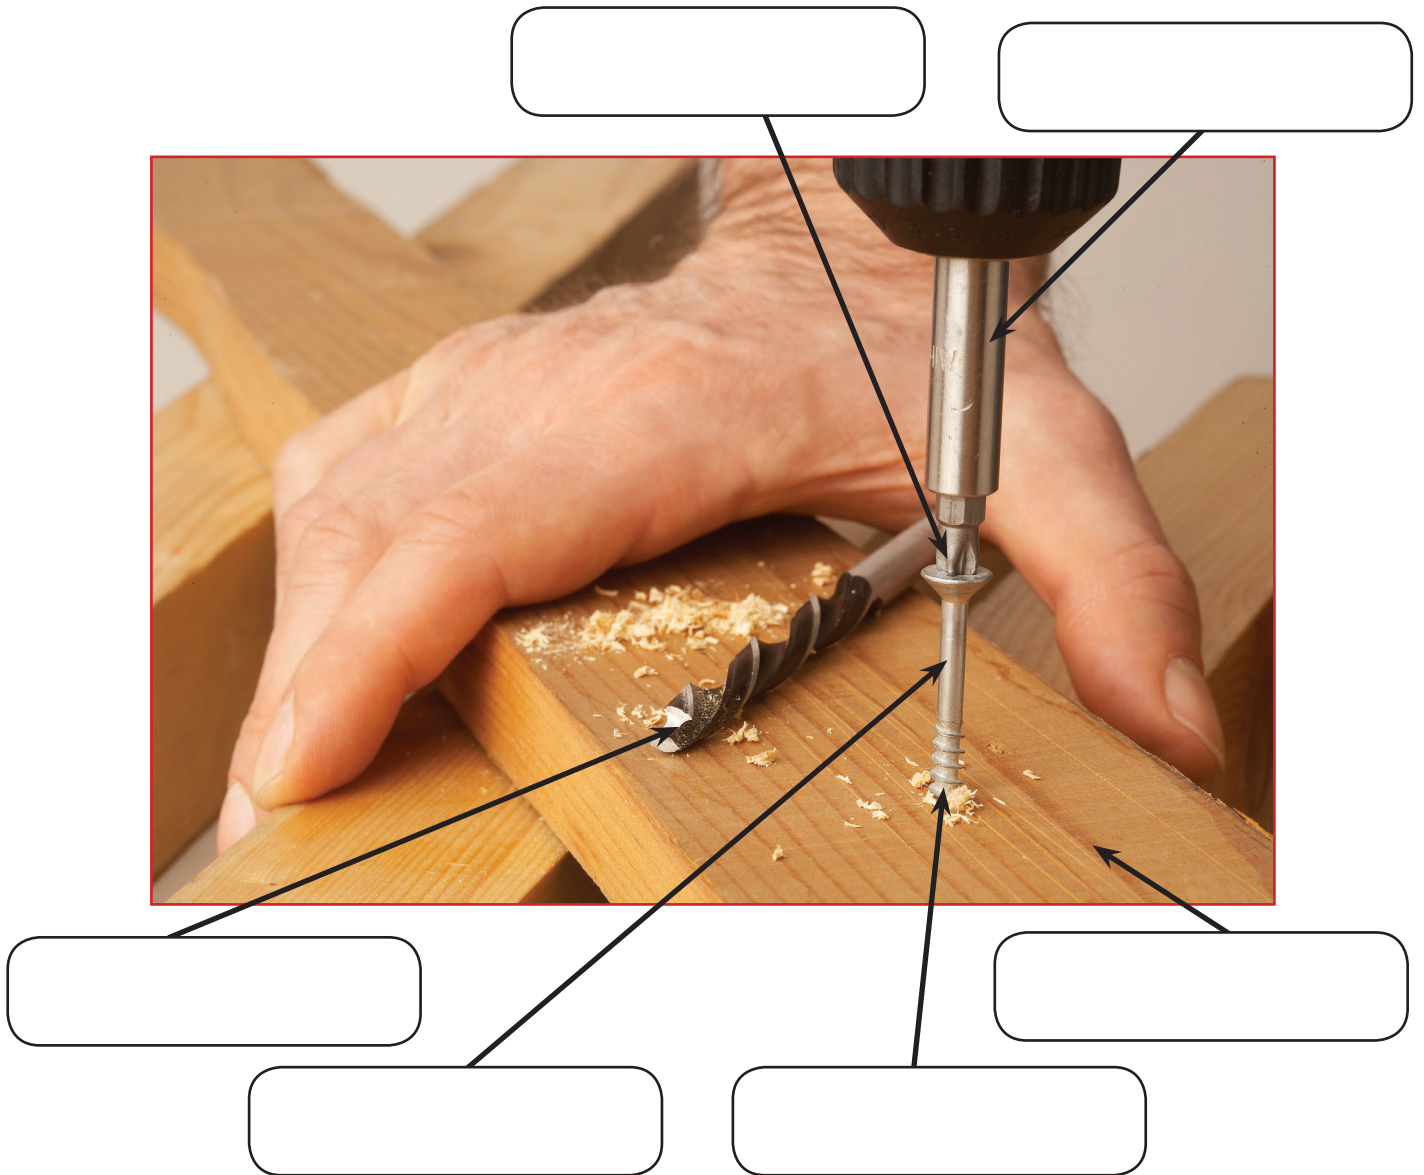

Name:

Date:

Write in the correct words. Use these words:

drill    drill bit    plank    post    screw    thread

Read the words you wrote.

# Screws

Name:

Date:

Use arrows and labels to show how a car jack works.

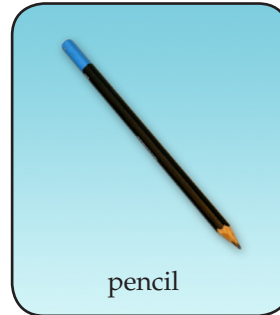

# Screws

Concept: A screw is a post with threads wrapped around it.

## What You Need:

- a pencil
- a sheet of paper
- coloured pencil or marker
- scissors

## What You Do:

- Fold the paper to make it square.
- Cut one half of the square to make a right-angled triangle.
- Draw a line along the longest edge of the triangle with your marker.
- Put the marker along the bottom right-angled edge, under the paper triangle.
- Roll the paper around the pencil.

## What You Should Notice:

The marked edge of the paper looks like the threads on a screw.

## Explanation:

Explain how a screw can be used to join things together.
